DOG OBEDIENCE TRAINING

CANINE GOOD CITIZEN

This class is designed to teach you how to teach your dog to be a good citizen in the community. Ashleigh will spend each class teaching and perfecting the 10 skills needed to pass the AKC Canine Good Citizen test. She is an approved AKC Canine Good Citizen Test evaluator.

The official AKC CGC Test is offered for an additional fee at graduation. This is a 5-week class.

CONFIDENCE BUILDING

Help your dog gain confidence while you have fun teaching your dog to conquer a variety of obstacles. The more dogs learn and try new things, the more confidence they obtain. Continuing to work together helps them place more trust in their human and strengthen your bond. This is a 4-week class.

INTERMEDIATE OBEDIENCE

Take your dog's training to the next level. In Intermediate Obedience, learn to get your dog to focus on you and respond to you with lots of distractions. You and your dog will build on the skills learned in Beginning Obedience. There is a focus on hand signals and making the basic commands more challenging. This is a 4-week class.

***Graduates of the Beginning Obedience Class may enter these classes. If you have a question about your dog's obedience level please contact Ashleigh at (434) 589 -7209 or aymorris@hotmail.com**

DOG TRAINING ONE-DAY CLINICS

Dates and Times Below / \$30 per Clinic / Dog Spot @ Fluvanna Community Center

A dog-training session without your dog? It's a great way to get started, or to refresh what you've already learned. Clinic I is the prerequisite for moving forward in a series to school a canine companion you'll be proud of (unless you have done training with Ashleigh). Once you've grasped the basics, you can sign up for the second, third and fourth installments to build a vocabulary of commands. (Your 4 legged friend gets to attend the other Clinics with you).

Clinic I: Tuesday, May 7 6:00 - 7:00 pm

WITHOUT DOGS! No, you didn't read that wrong! This Clinic is designed so that the 2-legged students can learn how to use positive reinforcement to achieve training goals. Since you are your dog's primary trainer, it is a must for you to understand how to communicate with them and to help them grow into the canine companion that you would like for them to become.

Clinic II: Tuesday, June 4 6:00 - 7:00 pm

Look, sit, come, stay & wait (perfect for teaching the dogs not to dash out the door).

Clinic III: Wednesday, July 10 6:00 - 7:00 pm

Look, sit, come, down & settle (ideal for having the dogs chill while company is over).

Clinic IV: Tuesday, Aug. 6 6:00 - 7:00 pm

Look, sit, come, leave it & drop it (a must if the dog snags an item they shouldn't have).

Contact Ashleigh Morris at (434) 589 -7209 or aymorris@hotmail.com with any questions.

- ◆ **September 14** - Meet at turnabout (on the way to the sports fields) at 10 AM to hike the Quail Meadow Trail through the wildlife meadows. You will experience the variety of birds, plants and animals that inhabit these grasslands, long prized by Native Americans.

These nature experience opportunities are available every time you visit Pleasant Grove Park:

- ⇒ Visit the Nature Room at the Pleasant Grove House Summer Kitchen to see the interpretive exhibits, animal artifacts and mounted birds
- ⇒ Take the self-guided nature hike starting at the kiosk behind the caretaker's house (brochure available)
- ⇒ Visit the native plant Butterfly Garden (brochure available)
- ⇒ Take a hike on one of the 23 trails covering over 20 miles (Trail Map with habitat descriptions available)

Share the Trail

Pleasant Grove Park has multi-use trails.

Please be considerate of other visitors.

The yield triangle is an effective technique to share the trails. The first rule is all horse users have the right of way at all times. All trail users should engage in communication with stock and horse users to allow them to pass in the safest way possible. Yield to horse users by stepping to the downhill side of the trail.

The second rule is that bikers yield to all other trail users on a multi-use trail. Bikers hold a mechanical advantage, and should be in control of their speed at all times on a multi-use trail.

The third rule is that hikers must be aware of their surroundings and yield to horse users and have the right of way when seeing a biker.

When downhill and uphill trail users meet it is common practice for uphill hikers to have the right of way. This is because starting and stopping when traveling uphill is considered much more difficult than traveling downhill. Therefore when downhill trail users see uphill trail users coming these users should locate a safe and durable spot to step aside.

Thank you for being safe and sharing the trails at Pleasant Grove Park.

Hiking Trail Added to Fluvanna Parks and Recreation Trail System

Thanks to the Fluvanna Heritage Trail Foundation, the Heritage Rail Trail is now part of the Parks and Recreation Trail System. Located in the Village of Palmyra, the Heritage Rail Trail is a half-mile trail that follows the former route of the Virginia Air Line Railway. The railway was a popular local spur that connected Fluvanna County to Charlottesville and Richmond through the 1930s. Parking for the Heritage Rail Trail is across from the Civil War Park in the Village of Palmyra. With a new monument just recently dedicated to the Emancipation Proclamation, Palmyra is well worth the visit, especially for history enthusiasts and genealogists. Visitors to the Heritage Rail Trail are also encouraged to see the Old Stone Jail, a museum run by the Fluvanna County Historical Society, and "Maggie's House," the society's offices and archives.

Good weather is right around the corner, so come out for a hike with FCPR!
